### How I got associated with Excella?

Mr.Rakesh Koul and I share a very special bond right from our college days in Nineties. We have come across many hurdles of life together and continue doing the same. We do share a lot of common interests and I feel privileged to be a part of Excella.

Mr.Rakesh Koul discussed about his dream project with me and we took it off instantly as this was the best opportunity to make a great organization and contribute towards giving back to our Country/ Community.

### Why I Choose to become an Excellain?

I have had a strong belief right from the start of my professional life that I need to strive for excellence. All My Endeavors up till now are with great commitment and dedication.

Joining Excella was once again a dream come true. I am Proud to say that I am one of the founder members of our Great Organization - Excella Life Sciences which in a very short span of time has created many benchmarks in the Indian Pharmaceutical Industry.
